

Habitat scholarships for two "Habi-Tech" students

Habitat for Humanity International gave Habitat Susquehanna a grant (funded by Lowe's) for participating in a study about our technical high schools' programs. As part of that grant, they gave money to be used for two scholarships of \$2,500 each. The scholarships are just a one-time opportunity from HFHI/Lowe's.

The scholarship winners are Mia from **Harford Technical High School** and Andrew from the **Cecil County School of Technology**. Congrats to the scholarship winners!

Stuff the Truck events in June

The **Aberdeen ReStore** will be holding a Stuff the Truck event on June 11 (Bulle Rock) and June 25 (the Epicenter at Aberdeen). What's Stuff the Truck? It's a chance to do some spring cleaning at your house and turn unwanted items into needed donations for the ReStore to sell to the public. The money raised helps Habitat Susquehanna to build homes in Harford and Cecil counties. For questions on acceptable donations or to schedule a Stuff the Truck event in your neighborhood, call the ReStore at 443-567-7698.
