

## Welcome back, volunteers! Can't wait to see you!

Volunteers are being sought to work at our current Cecil County build in Perryville and our upcoming house build ("Habi-Tech" house) in Aberdeen. Later in the year, we'll need volunteers for builds in Rising Sun and Havre de Grace.

We're so excited to announce that the build sites are going to be reopened to volunteers starting June 4<sup>th</sup>. (During the pandemic only a skeleton crew of longtime "core" volunteers were on the sites with Habitat's construction supervisors.) The build sites will be open to volunteers Fridays and Saturdays from 8 AM to 3 PM. To keep with social distancing measures, only 10 people will be on site each day.

If interested in volunteering, contact Habitat Susquehanna's Volunteer Coordinator **John Lanigan** at [janigan@habitatsusq.org](mailto:janigan@habitatsusq.org) or call 410-638-4434 ext. 7237.

### Aberdeen ReStore open for volunteers

Are you looking for some activities to fill up your summer? Consider volunteering with the **Aberdeen ReStore!** We're now accepting new volunteers and small groups in our store and we would LOVE to have you! Email our ReStore Volunteer Coordinator, **Ashley Hall**, at [ahall@habitatsusq.org](mailto:ahall@habitatsusq.org) for more information!

## Groundbreaking for "Habi-Tech" house

The "Habi-Tech" house (built by Harford Technical High School) will be moved to its permanent location once the foundation is completed

A groundbreaking ceremony was held in Aberdeen May 18 with the future homebuyer Iesha (top center, and at right with daughter); Mike Svezese, CTE Instructor at Harford Technical High School (top left); and Aberdeen Mayor Patrick McGrady. Once the foundation is laid, the "Habi-Tech" house, which was constructed at the Harford Technical High School, will be transported from the school to its final, permanent location on Edmund Street in Aberdeen where construction can be completed. Volunteers will be needed to help with the final stages of construction of the Habi-Tech home.

## AmeriCorps Positions Available!

### 2 Construction Crew Leaders, 1 Repair Coordinator

Looking for other ways to serve Habitat Susquehanna? Join Habitat's AmeriCorps program! AmeriCorps is a 10.5 month federally-funded program. Members will serve full time on our build sites learning valuable skills and leading volunteers. Benefits include a modest stipend, education award on completion of program, and much more. Contact Volunteer Coordinator **John Lanigan** at [janigan@habitatsusq.org](mailto:janigan@habitatsusq.org) or 410-638-4434 ext. 7243 for details, or visit our [website](#) to read the job descriptions.

What's it like to be part of AmeriCorps? Watch our video where we interview current members and alumni!

## During this month 10 years ago....

**Did You Know...**In June 2011, Habitat for Humanity of Cecil County and Harford Habitat for Humanity merged to create Habitat for Humanity Susquehanna. The merger was celebrated with a public dedication on Sept 9th at 23 Cherry Lane in Elkton, the site of the first home built by the newly-merged affiliate.
