

Secrets of a ReStore Savvy Shopper:

What we do:

Welcome to Habitat for Humanity
Susquehanna's ReStore!

Almost everything you see here is donated to sell so we can build more homes, hope for families in the communities of Cecil and Harford Counties. (Your purchase today is helping us build a local home right now!)

We receive donations all day and every day! Check our Facebook page for examples of what we receive.

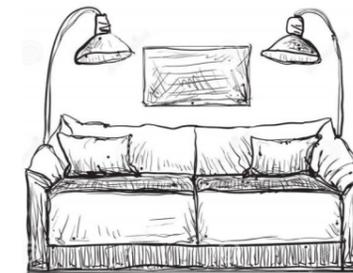

We do pick up items—visit our website for details of what we can and cannot accept, and to schedule a donation pickup— www.aberdeenrestore.org (Grab a magnet at the front, so you can remember)

Who we are:

We are a VOLUNTEER run non-profit shop, and  our volunteers. Our volunteers can be customers too, but all items in the store are always brought to the floor to sell—never purchased from the back. We welcome you to volunteer as well!

We LOVE our customers and treat them with the upmost respect and courtesy. (Psst— we even have a free reward app called Perka—for every \$1 spent, you get a point—spend \$100 and you get \$10 off your next purchase.)

We represent the families and individuals we serve every day.

How to shop: helpful hints and tips to newbies and those whom are lost....

For larger items (primarily furniture) grab the colored tag(s) off of the items you wish to purchase and bring them to the register to pay. (Colored tags mean what month they come in and mark down in prices—see signs in the store, or ask us.

Our items sell really quickly! Visit each day at different times to find great deals. Unfortunately we cannot hold the item, if you are interested in the item, it must be purchased at that time.

Our prices are based on origin, style, quantity, condition and many other factors—we cannot negotiate the prices (**Shopping tip**—look for **colored** tags on the item— depending on when it came in it may be marked down!)

Everything gets marked  by a percentage at the beginning of the next month (Look for the **Color** Sale signs to help you with the discount).

Our store is **TINY**—and we have so many new things to put on the floor each day, we can only hold your purchased item for **3 days** (including the day you made your purchase). Purchased items left past the pick-up date will be returned to the floor. Only store credit minus 20% restocking fee will be given. **~No refunds/exchanges—except for appliances and lighting~**

We wish we could help you load...but we are not allowed too—lawyers and insurance people say we can't!  Please understand this is a firm policy.
